MEMORANDUM FOR: Chief, Personnel Branch, DPD

SUBJECT : OMCART Pilot Recruitment

REFERENCE : OMC-1684 dated 15 May 1961

1. A review of the two proposals outlined in reference would indicate that the first proposal is quite satisfactory from the security standpoint. The only significant addition or alteration I would suggest would be that the candidate be told the following. We cannot completely discount the possibility that circumstances could develop which would render the individual's return to the Air Force impossible. The obvious example I cite is the [REDACTED] case.

2. An additional thought regarding this phase of pilot processing is that following the individual's acceptance of the program, while still in Washington, D. C., we should conduct the polygraph examination.
